- Status : Single

WORK EXPERIENCE

WordPress UX/UI Designer at Our Stuff Carpet (December 2025 - Present)

- Designed and maintained responsive WordPress website layouts
- Improved user experience (UX) and user interface (UI) for company web pages
- Created SEO-friendly content and optimized website performance
- Managed website updates, banners, product pages, and visual content
- Used tools such as WordPress, Elementor, Canva, HTML, CSS, and basic SEO techniques
- Managed and published digital content across YouTube, Google Business Profile, Google Maps, Telegram Channel, and LinkedIn
- Created QR codes for scanning and quick access to company platforms and digital content

IT Software Supporter Internship at 103 NPT Digital Technology PLC (1st August - 30th November 2025)

- Support customers when they encounter problems or errors while using the system.
- Clearly explain the cause of errors to customers.
- Promptly fix errors or issues.
- Tested applications and system modules in DiERP to ensure functionality and stability.
- Designed the app screens using Figma

School Projects

Algorithm Project(Python): Video Downloader & Editing Application

Role: Team Member | 18th Nov 2024 - 2nd Dec 2024

- Built tools to download, cut, and join videos. Made a
- simple user interface with Tkinter. Worked with the
- team using Git and fixed bugs to keep the program working well.

LANGUAGES

- Khmer: Mother tongue
- English: Intermediate

Company Visit

- Amret
- Total Engergy (03th April 2025)
- Bikay (30th April 2025) & Solution Bi (30th April 2025)

TOOLS

- Figma
- Git
- Visual Studio Code
- Jira
-
-

CONCEPTS

- OOP
- Algorithm
- MVC Pattern

- **Virtual Company I (VC1) Project - Coffee Shop POS System**
- Role: Backend Developer & QA Manager | 10 Mar-28Apr 2025
- Helped build and test the system for handling coffee shop sales.
- Used PHP and MySQL to work on the backend—saving orders, payments, and stock data. Wrote and tested database code to make sure everything worked well. Found and fixed errors to make the system run better.
- Worked with the team to connect the backend with the frontend.

TECHNICAL WORKSHOPS

Product Owner Workshops

- Dates: January 18 & 25, 2025
- Facilitator: Felix Leuker (Senior Digital Project Manager)
- Focus:
- Session 1: Introduction to the Product Owner role responsibilities, tasks, and project impact.
- Session 2: Hands-on practice in gathering requirements, writing user stories, and using Jira.

UX/UI Design Workshops

- Dates: February 7 & March 14, 2025
- Facilitator: PJ (UX/UI Designer, Sourcemax Asia Co., Ltd)
- Focus:
- Session 1: Translate project requirements into prototypes, mockups, or wireframes.
- Session 2: Apply design logic with hands-on experience in a mini project.

Data Analytics Workshop

- Date: March 19, 2025
- Facilitators: Felix Leuker & Solution BI Staff
- Focus: Learn data preparation and visualization using Python and Power BI, transforming raw data into meaningful insights.

Project Management Workshop

- Date: February 8, 2025
- Facilitator: Felix Leuker (Senior Digital Project Manager)
- Focus: Understand key roles like Product Owner, Scrum Master, and Development Team. Learn how these roles collaborate using tools like Jira, Git, and GitHub, and explore essential concepts such as user stories and agile workflows.

INTERESTS

- Exploring new tools and software
- Problem solving
- Learning new technologies
